## **NUNO FELTING**

**With Sarah Smelt**

October 14 & 15, 2017

Sara moved to California from England in 1998 where her years as a research scientist competed with her creative side. Sara's interest in felting was first piqued when she saw it incorporated into freeform crochet pieces and then a trip to Iceland, an extraordinary land full of wonderful traditional and nuno felt, convinced her that this was where her fiber art future lay, so in 2011 she began felting full time. Sara will show us how to lay wool on silk fabric and process felt to make a beautiful scarf,
